5 1 Col Jones with his letter No 1825 of 5 March forwarded a bill for Rs 221 received from Messrs Misquith & Co — & the order No 6834 says that it (viz Misquiths bill) has been sanctioned — But Is this correct? I find that it was Col Jones bill that was sent & that was endorsed with some chit order — Why this discrepancy?

2 Why was this item of expenditure thus isolated & sent up for sanction? Is it the only item in the receipt bill which requires sanction?

Subd. The Military Secy usually in such cases forwards a bill from his office (a facing sheet as it were) with the original bills from the firms as vouchers In the present case Col Jones's bill was endorsed with the sanction order instead of the bill from the firm which accompanied the former as a voucher -

The Mily Secy is not submitting bills together for any expenditure but submits them piecemeal & the bills are being sanctioned as they are received

HG 19/9/10 US.

The explanation is not quite correct. Col Jones' bill was endorsed with Sanction order wording to usual practice, but the wording in the draft order was inaccurate, the inaccuracy probably arising from the fact that Col Jones in his letter referred to "a bill received from Messrs Whitehead & Co" instead of "a bill for Rs... due to ..... for ....." which is the form generally adopted by him.

1) A number of bills were received from the Military Secy. to H.H. the Maharaja for exps in connn with the Viceregal visit and were sanctioned as they were received. A few corrections are hereunto (as instructed) put up. If directed, all of them (they are many) will be returned and rectd. In the last of them ending with Sl 95, Col Jones sent us a detailed bill for a portion of the advance sanctioned to him. The bill was passed & Col. Jones was requested to submit details for the balance though several bills have since been received from him this particular reference does not seem to have been directly answered.

2) As regards the Dewan's query in 31.8.10 reference is solicited to office notes dt 19.9.10. Submd.

1 As regards Mr Guthrie's bill the Secy has already contemned the explanation as incorrect - I agree & it is well that the Board should observe it so as to avoid repetition of mistake -

2 As regards the allowances now proposed, in some cases it is more

Not possible to find out from these papers, because no notes have been made on the point, What was the nature of the charges sanctioned - Bills came & bills were sanctioned for the Treasuries! - I am afraid the Superintendence has been below the mark Sd/- 5 Oct 10

Br V to note carefully for future guidance - In the files the abstract notes should contain sufficient ~~details~~ particulars about the charges sanctioned so as to make their nature clear & to enable references being traced when necessary.
